APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
This permit to change the point of diversion and place of use of the waters of an underground source as heretofore claimed under Proof 05750 is issued subject to the terms and conditions imposed in said Proof 05750 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times. The total combined duty of water under Permits 57794, 57795 and 57796 shall not exceed 3.73 acre-feet per acre from any and/or all sources. This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands. The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies. This permit is issued subject to any determination of these waters that may be made under adjudication proceedings under NRS 533.090 through 533.320.
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to
exceed 0.313 cubic feet per second , but not to exceed 123.5
acre-feet per season.
Work must be prosecuted with reasonable diligence and be completed on or before May 13, 1995
Proof of completion of work shall be filed before
Application of water to beneficial use shall be made on or before
Proof of the application of water to beneficial use shall be filed on or before
Map in support of proof of beneficial use shall be filed on or before
Completion of work filed. IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E. State Engineer of Nevada, have hereunto set my hand and the seal of my
